2.1.2	Usage	3
2.2	CINAHL Complete	7

1 Overview

This is the first draft at creating electronic resource usage reports in R. This script brings together usage information (from Counter Reports) and pricing information to provide an overview of electronic usage and trends.

2 Reports by Database

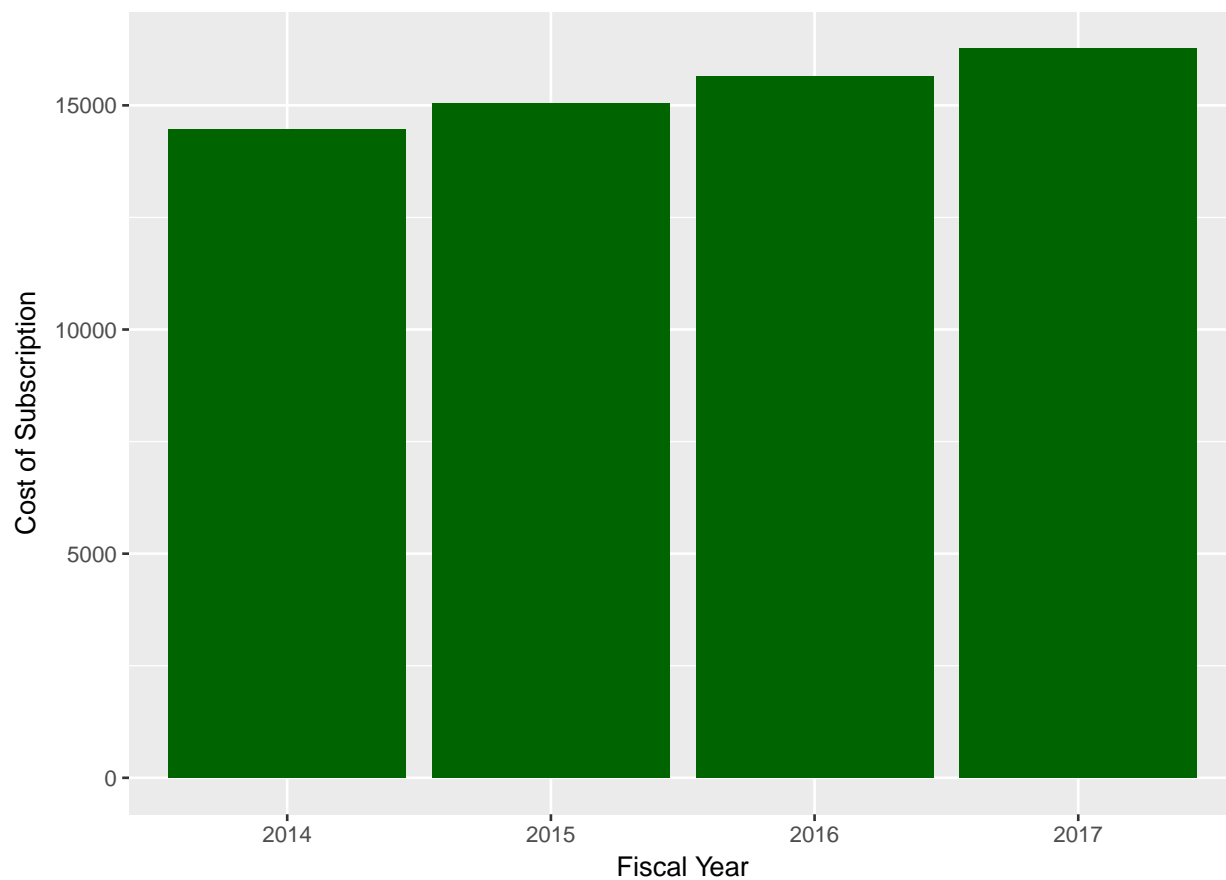

2.1 Business Source Complete

What is this database?

2.1.1 Cost

This is an introduction to the cost section.

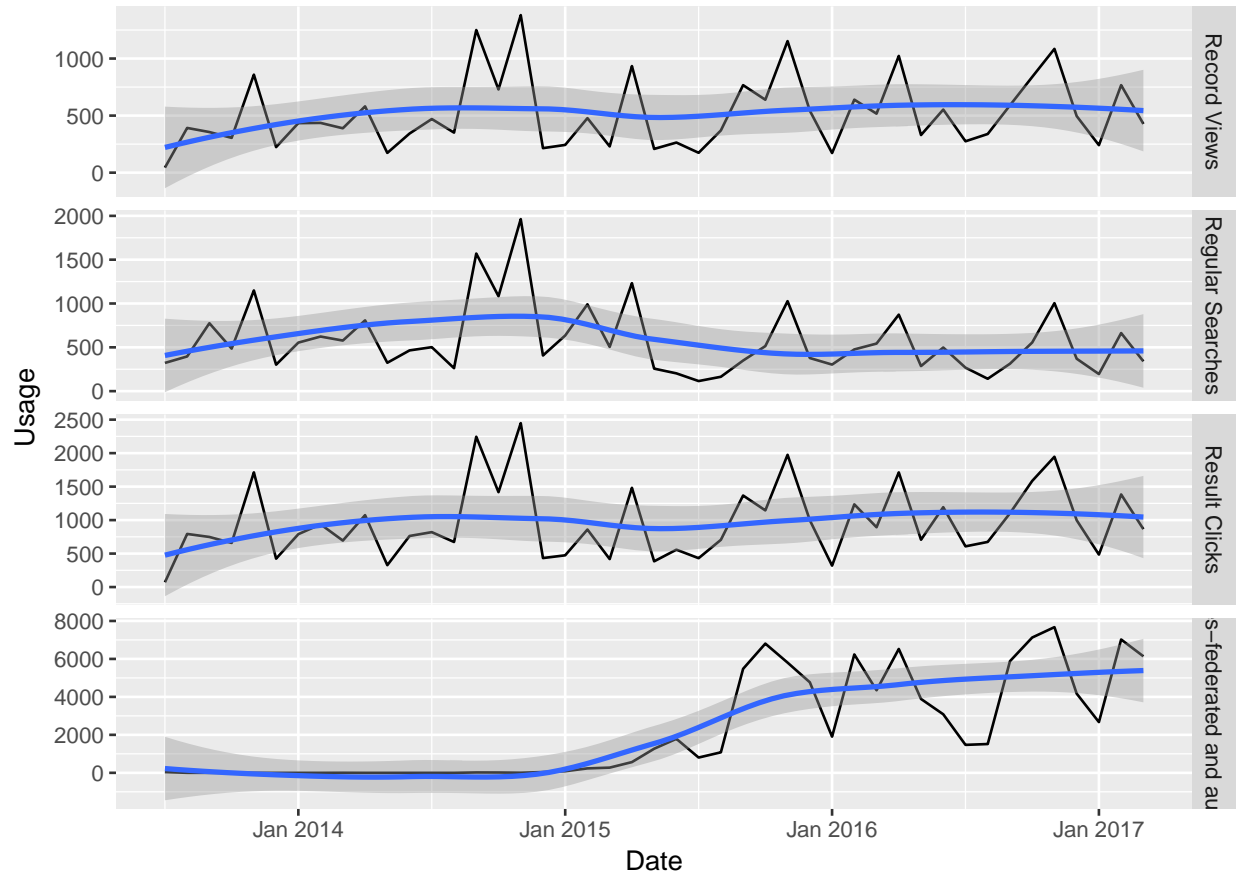

Fiscal_Year	Cost	Price_Change	Percent_Change
2013	0.00	NA	NA%
2014	14468.00	14468.00	Inf%
2015	15046.72	578.72	4%
2016	15648.59	601.87	4%
2017	16274.53	625.94	4%

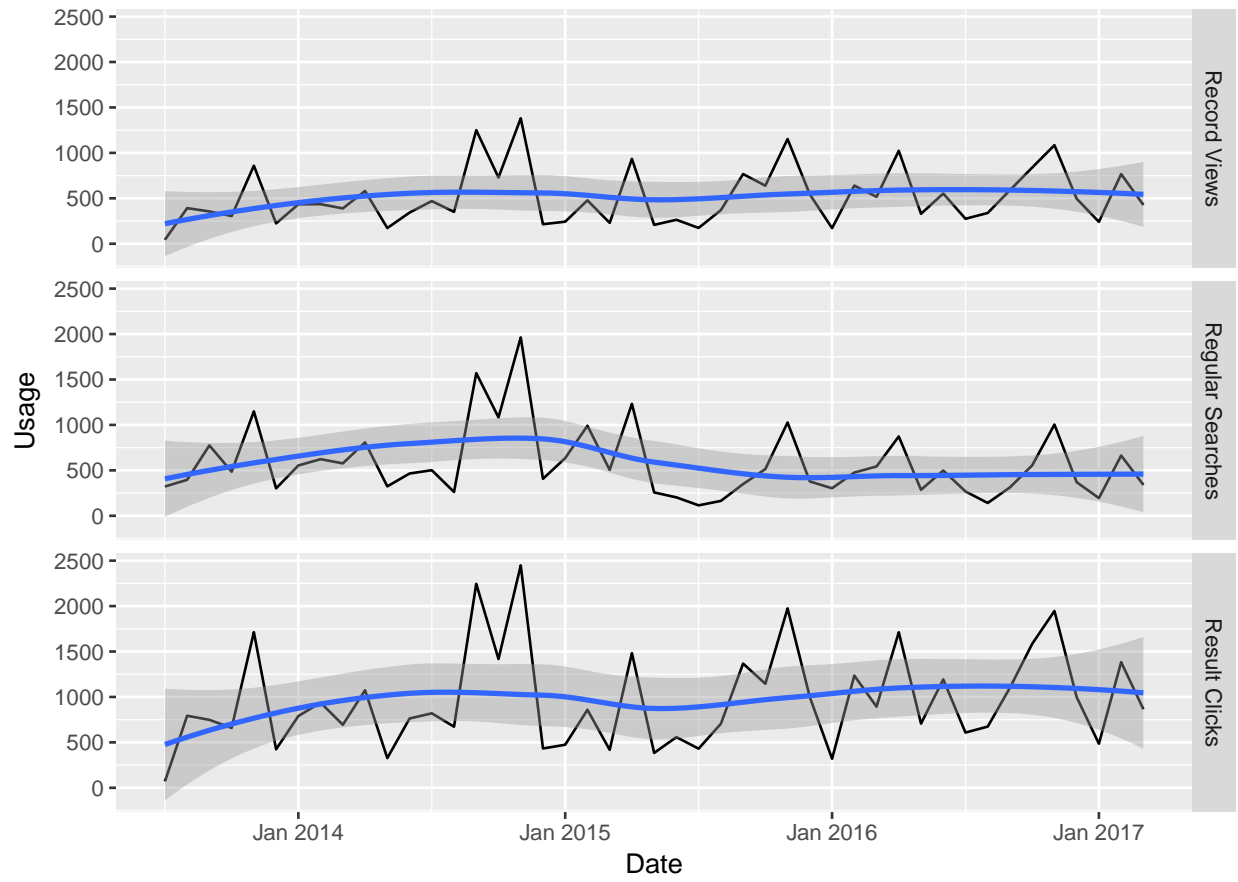

2.1.2 Usage

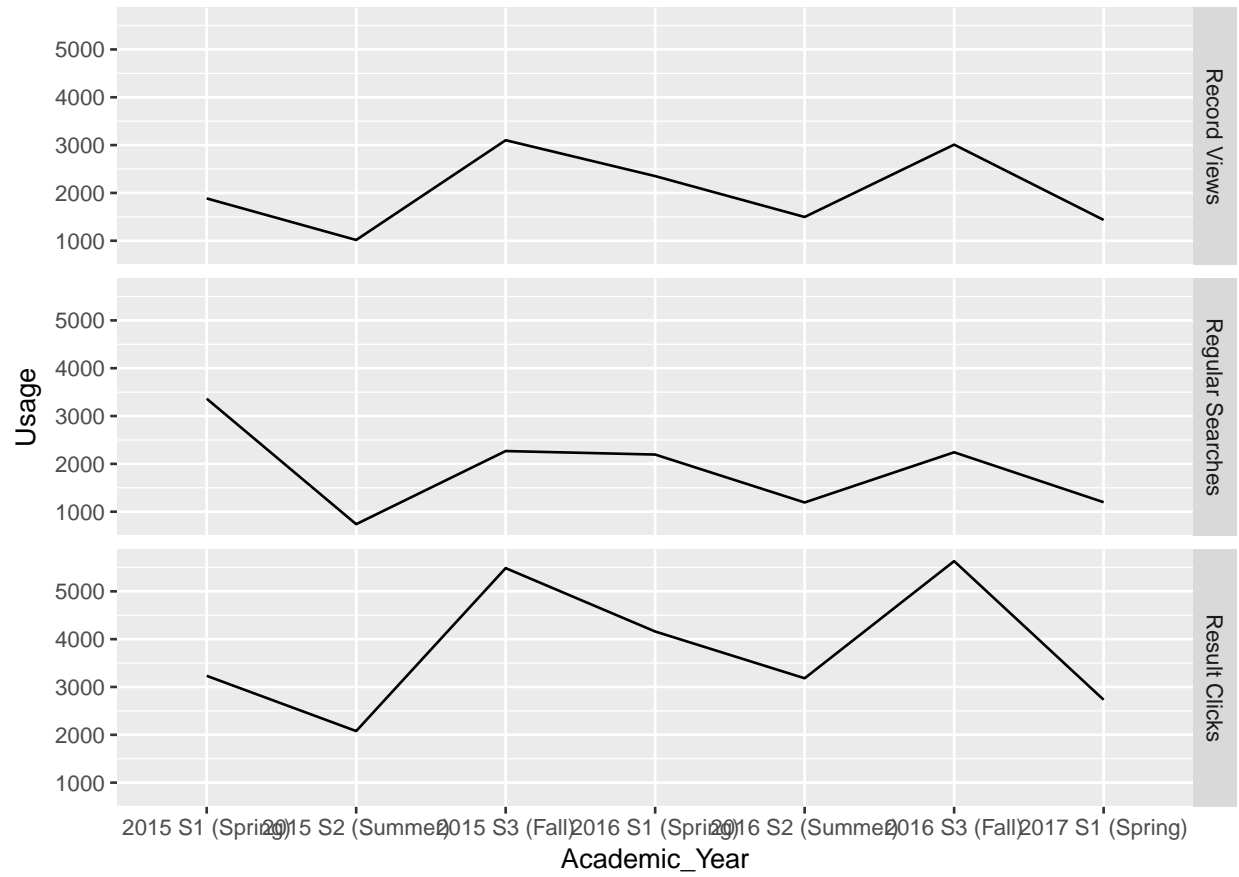

This is a comment.

```
## `geom_smooth()` using method = 'loess'
```

```
## `geom_smooth()` using method = 'loess'
```

2.2 CINAHL Complete
